For Murray Bridge 102ND Annual Show
To be held Saturday, 26 September 2020 from 9 am – 9 pm AND
Sunday 27 September 2020 from 9 am – 4 pm INCLUSIVE

The Murray Bridge Show has a large showground with extensive livestock and animal displays and exhibitions. Our map of the showgrounds references each of the trade display areas so that trade exhibitors can select the best area for their displays.

Stall holders from this year's event will have the first opportunity to secure their trade positions. You will need to identify more than one preferred site however first preference will be given to stall holders wishing to remain in the spot they previously occupied.

The following graphics highlight the trade areas that we have established. If you have specific needs that are not met by the defined sites, then please do not hesitate to contact us at the show office.

Figure 1 Showground Map

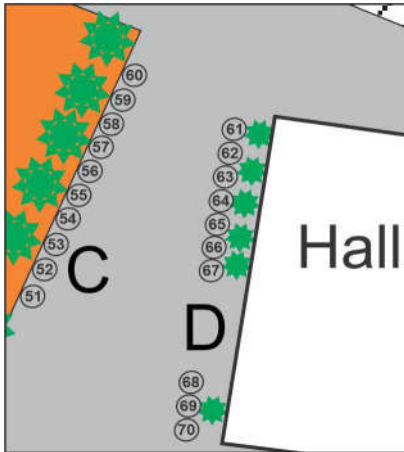

First preference will go to local vendors from the Rural City of Murray Bridge Council Area.

To avoid duplication, you are requested to list all of the items you will be selling.

The Murray Bridge Show retains the exclusive right to sell cans of soft drink should they choose to do so.

Should you attend the show and sell something that is not on your list you will be requested to remove that item from your stand. If you do not comply you will be asked to leave the premises and you will forfeit all money already paid.

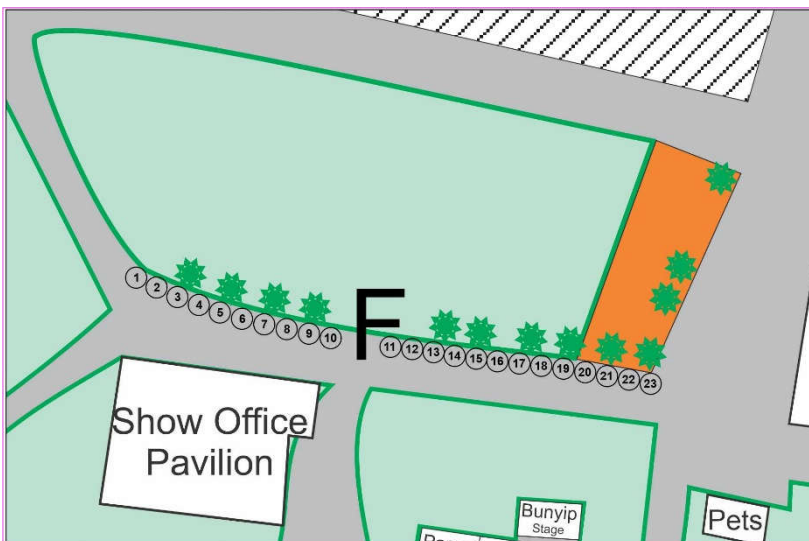

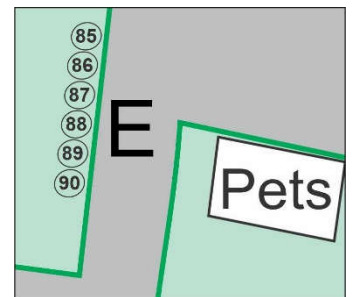

The applications for food sites prices are set at the trade site value for this area. Everyone will be required to purchase site space for ALL equipment left on the show ground during show hours, **for example if you have a marquis that measures 3mx3m and a coolroom that measures 3mx7m, you MUST PURCHASE ENOUGH SITE SPACE FOR BOTH.**

You are required to purchase all power outlets that you require (including all power requirements for cool-rooms). This is to ensure we have sufficient power available for your requirements.

Trade Areas C & D are the entry passage way for those coming in through Gate 2 and the welcoming area to the Hall of Industry, our wonderful undercover trade area.

Trade Area E is adjacent to the Bunyip stage where there are performances during the Show weekend.

Our Trade Area F is our Food Zone and the trade sites along here are restricted to being food orientated businesses. This forms a wonderful kaleidoscope of fragrances that entices our hungry crowd along.

Trade Area G is our major commercial trade zone and the area for our big impressive display items or machinery. This is a sloped area providing great opportunities for businesses to display their wares and the sites are huge at 10mx10m
